

# About us

Suraj Kathurusinghe, with the experienced gained in Cargo Clearing and Freight Forwarding since 1995, establishes SCK Holdings as its founder in the year 2000.

The beginning of SCK Holdings is with Customs Clearance as the primary area of operation. In the year 2000, Customs Clearance was not a streamlined process with many irregularities embedded within. SCK Holdings took it upon themselves to streamline the process and provide its customers an efficient and reliable, systematic clearance process.

By the year 2006, in an efficient and productive environment, SCK Holdings expanded its activities by opening a branch at Katunayake to facilitate smooth air cargo movements.

Expanding further and in a bid to provide its customers, a trustworthy, speedy, and a reliable service, SCK Holdings commissioned its own transportation service, SCK Logistics in the year 2006. Over a decade ago, it was a challenge to transport cleared goods in a timely manner to tracked destinations and by having its own fleet SCK cleared an operational hurdle for the benefit of its customers.

In 2008, SCK Holdings starts its own Freight Forwarding Company "Pacific Line International". The new entity was in a bid to provide the customer base, a professional and efficient service at competitive rates in handling sea & air cargo shipments.

Completing 18 years of providing logistical services, we take pride in announcing that SCK Holdings is a trusted entity that has won the confidence of Sri Lanka Customs, Sri Lanka Ports Authority and Civil Aviation. The accolades received by SCK Holdings for providing superior services stands in testimony.

From our modest beginnings in the year 2000, we are a fully-fledged enterprise now, with a staff strength exceeding 100 members. We are also proud of being able to have contributed towards economic growth of Sri Lanka even in a trifling manner.

Having a loyal client base of over 200 for more than a decade with growing numbers demonstrates the confidence we have won alike from both importers and exporters. We consider it as an achievement and an honor.

Under diversification and expansion, by establishing in the recent past SCK Multi Connections (Pvt) Ltd., under the wings of SCK Holdings, has been another milestone achieved.

Workforce solutions & Event House fall under SCK Multi Connections (Pvt) Ltd:

Work force solution is a specialized manpower agency to meet and fulfill the needs of employers and projects with professional, skilled and unskilled labour requirements. It facilitates employment at different levels. In a small manner, Work Force Solution contributes towards addressing the unemployment issue of the nation.

Event, House, an event management company offers cost-effective solutions to needy clients on event management. Undertaking the total gamut falling under event management, the stresses and worries of clients are taken over by Royal Events assuring 100% client satisfaction.

As proven through logistics over 18 years, it is our aim to win new clients and customers in moving forward with the recently established business entities. It is the challenge that brings out the best of us, under the umbrella of SCK Holdings.
